Connect the Dots to Make the Constellation

ลากเส้นและเลือกชื่อกลุ่มดาวให้ถูกต้อง

A star pattern for constellation identification. It features a large black star at the top left, a smaller white star above it, and several black dots labeled 'a' through 'f'. The dots are arranged as follows: 'a' is at the bottom left, 'b' is above it, 'c' is to the right of 'b', 'd' is at the top left, 'e' is in the center, and 'f' is at the top right.

Connect the Dots to Make the Constellation

ลากเส้นและเลือกชื่อกลุ่มดาวให้ถูกต้อง

This section contains a star chart with four constellations. The Cancer constellation is represented by a star in the top-left corner. The Aries constellation is represented by a star in the top-right corner. The Taurus constellation is represented by a star in the middle-right. The Sagittarius constellation is represented by a star in the bottom-right. A series of dots labeled a through g are scattered across the chart. A line connects dots b, c, d, e, and f, forming a partial constellation shape.
